## DDS1300ML AUTO-SORT

*The latest method of automatic quality grading*

The most recent edition to the Herbert Optical Grading range is the DDS1300ML Auto-Sort which fully compliments the existing Upgrader and the punnet crop version (DDS1200S Auto-Sort). The system caters for medium intake capacities of up to 20tph and can provide two packing grades plus rejects on a combination of tuber size and skin finish. It features a new user friendly interface making the system easier to operate without the need for expensive staff training. Contact our sales team to book an appointment, or receive a demonstration.

## VEGE-POLISHER ROTARY BARREL BRUSH WASHER

*A new type of washing and polishing for potatoes*

R J Herbert have been appointed the UK distributors of the Wyma machine for potatoes. The Vege-Polisher supplies over 80% of carrot and potato washing in New Zealand and Australia. Using traditional product agitation the barrel is formed by brushes which are contra rotating giving a polish rather than a wash. Testing proves it removes rhizoctonia and skin staining allowing samples to be upgraded from class 2 to premium product with obvious financial benefits. Contact our sales team for more information.

## CONTRACTOR II

CONTRACTOR II FROM £1197 PER MONTH\*

### Revolutionary new flexible cleaning system

Extensive re-design has ensured the Herbert Contractor II maintains its position at the forefront of mobile graders. The high output machine is fully adjustable to give variable throughput. Major features of the system include the unique adjustable star cleaner module and the cleaner interchange facility. A range of options are available to suit individual needs.

## GF2 BOX FILLER

*Unique self adjusting crop sensor bracket for smooth fill and transfer*

The increasing need for faster and more efficient box filling has resulted in Herberts designing a smooth moving filling system with ultrasonic crop sensors giving consistent crop filling and low drop gentle feed. The new system also incorporates user friendly maintenance features. Now available and in stock.
